An eagle's view of the clubhouse

Eagle's Nest Pavilion

It's official -- the pavilion project the team has all been working on at Hole 10 has passed all its inspections and is now open for business!

The Maryland National family was excited to open the doors for the first time on Saturday, April 20th, to provide a place for our golfers to eat and drink while the main clubhouse was closed for a private event. Of course, we'll continue to experience some difficulties as we continue to perfect the craft from this new building, but we were happy with how opening weekend went, and we're looking forward to continuing to improve on that operation in the months to come.

For now, that pavilion will only be open to our golfers on days when the main clubhouse closes for weddings and similar gatherings, and will not be open to the general public for breakfast, lunch, or dinner service. But stay tuned, as we expect to grow that operation to include public service and private events in the months to come!

We appreciate everyone's patience and understanding throughout the process thus far, and look forward to showing off the new build. And we'll keep everyone in-the-know as we expand that operation further!
